

# IANTD BASIC NITROX DIVING

## IANTD BASIC NITROX DIVING

**PREREQUISITE: Cert as PADI Open Water Diver or Equivalent and be aged 18 years as a minimum. Junior divers accepted with Parent or Guardian approval.**

This two day course is designed to provide recreational divers with a safer breathing medium for enjoying dives in the 12m - 39m depth range. The EANx diver can elect to dive the chosen "mix" using EANx tables or give themselves the added safety margin of air tables or the conservative guidelines of their computer. The program can be completed as a stand alone course or combined with the IANTD Advanced Diver program. The course covers the use of EANx mixes in the range of 21% to a maximum of 40%. The most popular being 32% & 36% giving incredible extension of no stop dive times!
